ERROR (E): Integer value is **not** divisible by 2

WARNING (W): Integer value is divisible by 2

Please check "*WeiDU_TRA_Errors_and_Warnings.txt*" for the reason why this table is created.
The integer value for **@integer** in the **TRA** file starts at **1073741823**.
32-bit integer range (-2147483648 .. 2147483647), but WeiDU is implemented in
ocaml which allows 30 bit for integers.
Negative values are forbidden.

Integer	*Type*	*Comment*	*Example*
1073741823	E	Checks if a specific game is missing	Throws an error if the user tries To install the mod in the wrong game
1073741822	W	Checks if a specific game is missing	Throws a warning when the user installs A mod for a game The mod has not been tested
1073741821	E	Checks if file dlc/sod-dlc.zip or file sod-dlc.zip exists	Returns an error when the user tries To install the mod in SoD, because Modmerge or DLCmerger were not used To extract the SoD zip files
1073741820	W	Checks if file dlc/sod-dlc.zip or file sod-dlc.zip exists	Returns a warning when the user tries To install the mod in SoD, because Modmerge or DLCmerger were not used To extract the SoD zip files
1073741819	E	RESERVED	RESERVED
1073741818	W	Checks if specific mod is installed	Returns a warning if the user has not previously installed the mod, this causes the new compatibility features For that missing mod to be skipped.
